Chief Inspector of Mines in Mysore.

To

S. Abdul Wajid, Esq., B.A.,
Secretary to the Government of His Highness
the Maharaja of Mysore, Development Department,
Bangalore.

Sir,

Adverting to Government Notification No. D.1338/Geol. 18-33-3 dated 13-9-33 directing that the words "Director of Industries and Commerce" occurring in Notification No. I. & C. 5282/Geol. 2-24-5 dated 30-1-1925 should be read as "Chief Inspector of Mines" so far as they relate to the Rules issued under the Mysore Petroleum Rules, consequent on the retransfer of the work of administration under the Mysore Petroleum Regulation and the Rules thereunder to this Department, I have the honour to state that in view of the combined duties devolved on the Chief Inspector of Mines under the Mysore Mines Regulation, the Mysore Explosives Regulation and the Mysore Petroleum Regulation and the Rules framed under these three Regulations, modification of the designation of the Head of this Department of Mines & Explosives is desirable to indicate the nature of functions carried out under the above three Rules. In this connection, I may state that prior to the re-organisation of the Department of Mines and Geology and its re-constitution as (1) Geological Department and (2) the Department of Mines and Explosives, the Director of Mines and Geology who was the administrative head of all the Sections of the Department had been designated as Chief Inspector of

Mines

Mines in Mysore and Chief Inspector of Explosives in Mysore in exercise of the functions under the Mysore Mining Rules and Explosives Rules, respectively.

I therefore suggest that Government may kindly be pleased to alter the designation of the Chief Inspector of Mines in Mysore to Chief Inspector of Mines and Explosives in Mysore as it will be more appropriate for the reasons above stated. It will also be in consonance with the practice obtaining in British India and other countries.

I have the honour to be,

Sir,

Your most obedient servant,

C S Rangaswamaiah

Chief Inspector of Mines
in Mysore.

B a n g a l o r e.

Sir,

With reference to your letter No.D.3024/Geol.37-33-2 dated 21st December 1933 enquiring whether there is any legal difficulty in my present designation not being modified as "Chief Inspector of Mines & Explosives", I have the honour to state as follows:-

The Explosives Regulation and the Rules framed thereunder, the Petroleum Regulation and the rules framed thereunder and also the Carbide Rules recently brought into force, are all administered by an officer called the Inspector of Explosives in British India and other civilised countries as the subject matter of all these rules is essentially explosive in character. In the Mysore Explosives Rules and the Mysore Petroleum Rules as originally framed, the Inspector of Explosives in Mysore was the technical officer appointed to administer these Rules.

I submit, it will be in keeping with the name of this Department, the work done by it and with the practice obtaining in civilised countries, to so designate the Head of the Department as to indicate the work done by him. It is with this object in view, the present proposal is made and not on account of any legal difficulty experienced.
